# East Coast Antique Tractor Club Fall 2017 Newsletter

The Club's display at the Deerfield Fair was fantastic as usual. The weather for the fair this year was great, except for a rainy Saturday. We had several new members join the club. Our sales team of Andy, Gail and Don with help from Frank, Norman and Vera did a great job selling club attire. We had a total of 66 tractors belonging to members on display along with the working demonstrations of the clubs hay press, Jim Cooney and Brian Matarozzo's shingle mill and Shane Reil's and Tom Stephens hit-n-miss working engine displays.

A great big thank you to all those who put in many hours of their time to make this all come together, those who hauled tractors in for display and worked at the display to make this years fair a great success.

The new club lighting and electrical panel for the big tent, sale tent and cook tent was a tremendous help. It made the display look even better in the big tent and really helped out on dark mornings when cooking breakfast and early morning sales. Thank you to Roger LaPlante for a great job getting this done.
