## ECATC 2015 Late Summer and Deerfield Fair Newsletter

**The Deerfield Fair is just around the corner!!!!** The committee needs to know if you have any old farm equipment for display (working or not), tractors, hit-n-miss engines, haying equipment (would like to have display of old and new balers to go with club hay press), etc.... any and all ideas welcome....

Please contact a committee member or attend the September meeting at JR Rosencrantz's and Sons in Kensington NH. See enclosed info about Deerfield.

The fair has increased their donation to the club by \$1500.00 for our display this year, for a total of \$5000. **This is the club's biggest income source, let's do our best to show them the increase was justified.**
